## **DETAILED ACTION**

### ***Allowable Subject Matter***

**Claims 42-65 (renumbered as claims 1-24 respectively) are allowed.**

The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fail to anticipate or render obvious the following technical features as recited in the highlighted claims:

Referring to claims 42 and 53 the prior art fails to teach or suggest "A method for customizing a graphical user interface of a digital camera for a particular user, comprising: (a) providing customization software executed external to the digital camera... (b) in response to input from the particular user... (c) configuring firmware to provide the customized graphical user interface; (d) storing the configured firmware in the digital camera to thereby customize the graphical user interface of the digital camera; wherein the simulation of the graphical user interface on the display device separate from the digital camera comprises a presentation of the selected one of the plurality of different actuatable versions of at least the given icon with one or more additional icons arranged in substantially the same manner as such icons would appear in the customized graphical user interface of the digital camera".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
